+91 8303155683 ◇ Gr. Noida

ayushtrivediayushtrivedi2@gmail.com ◇ [linkedin.com](https://www.linkedin.com) ◇ github.com

OBJECTIVE

Computer Science and Engineering student with experience in Java, Python, web development, and data structures algorithms. Seeking internship and software development opportunities to apply technical skills, build impactful solutions, and grow as a software engineer.

EDUCATION

B.Tech in Computer Science and Engineering , NIET Gr. Noida	Expected 2028
12th Grade (Intermediate), Kendriya Vidyalaya Raebareli	2021 - 2022

SKILLS

Languages	Java, Python, Javascript
Database	Oracle Database
Frontend Languages	React.js, HTML5, CSS3
Tools	VS Code, Git, Github

EXPERIENCE

Python Developer Intern AICTE Code Technologies	June 2025 - July 2025
---	-----------------------

- Developed Python programs using file handling, functions, loops, and OOP concepts.
- Solved programming challenges and improved debugging skills.
- Built applications following software development best practices.
- Strengthened problem-solving and code optimization techniques.

PROJECTS

Personal Portfolio Website — HTML,CSS,JavaScript

Designed and deployed a responsive portfolio website featuring dark mode, mobile-first design, and smooth UI animations. Showcases projects, skills, and professional profile in a user-friendly interface.

Flappy Bird Game — Java

Developed a Java-based Flappy Bird game implementing collision detection, obstacle generation, score tracking, and object-oriented programming principles to manage game logic. ([GitHub](#))

Explainable AI Research Project — Python, Machine Learning

Researched Explainable AI (XAI) techniques to improve transparency and interpretability of machine learning models. Analyzed methods for understanding model predictions and decision-making processes. ([GitHub](#)) ([YT Demo](#))

CERTIFICATIONS

- **Python Developer Internship** — [Credentials](#)
- **Infosys Twitter Bootstrap** — [Credentials](#)
- **Infosys Database Management System** — [Credentials](#)

EXTRACURRICULAR ACTIVITIES

- Actively participate in football, fostering teamwork, discipline, and leadership skills.
- Regularly solve DSA problems and participate in coding challenges.
- Engage in technical workshops and self-learning initiatives in software development.
